8/6/2012 9 a.m. - John L. Burton Hearing Room (4203) SENATE APPROPRIATIONS, KEHOE, Chair

Summary:

Current law , the Safe Drinking Water State Revolving Fund Law of 1997, requires the State Department of Public Health to administer programs to fund specified projects for public water systems that will enable suppliers to meet safe drinking water standards . This bill would require the department to take specified actions in considering an application for funding pursuant to these provisions, including, but not limited to, reviewing and considering the determinations and recommendations made by the affected local agency formation commission within the previous 5 calendar years in certain specified studies.

Subject: Water, Municipal Services

CALAFCO Comments: This bill has been significantly amended to address the concerns raised by CALAFCO. The requirements for LAFCo to conduct reorganization studies in all water and wastewater MSRs has been entirely removed. There are no mandates or requirements for LAFCo in the June amended bill. The bill now would require local water agencies which receive grants for a feasibility study to consider reorganization and efficiency recommendations in a LAFCo MSR, SOI update or special study in that study. It also requires the Department of Public Health to consult with the LAFCo prior to issuing infrastructure grants to ensure alternative delivery options identified by a LAFCo were considered in the feasibility study.

Summary:

The Safe Drinking Water, Water Quality and Supply, Flood Control, River and Coastal Protection Bond Act of 2006, an initiative measure approved by the voters at the November 7, 2006, statewide general election makes about \$5,400,000,000 in bond funds available for safe drinking water, water quality and supply, flood control, natural resource protection, and park improvements. Current law establishes the Strategic Growth Council and appropriated \$500,000 from the funding provided by the initiative to the Natural Resources Agency to support the council and its activities. The council is required to manage and award grants and loans to a council of governments, metropolitan planning organization, regional transportation planning agency, city, county, or joint powers authority for the purpose of developing, adopting, and implementing a regional plan or other planning instrument to support the planning and development of sustainable communities. This bill would make a local agency formation commission eligible for the award of financial assistance for those planning purposes.

Summary:

Current law, the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000, sets forth the powers and duties of a local agency formation commission, including, among others, the power to approve the annexation of a contiguous

disadvantaged community, under specified circumstances. Current law provides that an application to annex a contiguous disadvantaged community is not required if a commission finds that a majority of the residents within the affected territory are opposed to annexation. This bill would provide that an application to annex a contiguous disadvantaged community is not required if the commission finds that a majority of the registered voters within the affected territory are opposed to annexation. This bill contains other related provisions and other current laws.

SB 1498 (Emmerson R) Local agency formation commission: powers.

Current Text: Introduced: 2/24/2012 [pdf](#) [html](#)

Introduced: 2/24/2012

Summary:

The Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 authorizes a city or district to provide new or extended services by contract or agreement outside its jurisdictional boundaries if the city or district requests and receives permission to do so from the local agency formation commission in the affected county. Current law authorizes the commission to authorize a city or district to provide new or extended services outside its jurisdictional boundaries but within its sphere of influence in anticipation of a later change of organization, or outside its sphere of influence to respond to an current or impending threat to the public health or safety of the residents of the affected territory, under specified circumstances. This bill would additionally authorize the commission to authorize a city or district to provide new or current services outside its jurisdictional boundaries and outside its sphere of influence to support current or planned uses involving public or private properties, subject to approval at a noticed public hearing, in which certain determinations are made. The bill would also authorize the commission to delegate to its executive officer the approval of certain requests to authorize a city or district to provide new or extended services outside its jurisdictional boundaries or outside its sphere of influence, as described above, under specified circumstances. The bill would also make certain technical, nonsubstantive, and conforming changes. This bill contains other related provisions and other current laws.

Position: None at this time

Subject: Disadvantaged Communities, Municipal Services

CALAFCO Comments: Sponsored by the League of Cities, this bill does two things: 1) it includes the CALAFCO proposed language on expanding out-of-agency service authority (56133) and 2) removes the annexation requirements from SB 244. Those provisions require a city to apply to annex a disadvantaged unincorporated community if they apply to annex adjacent uninhabited territory. It is anticipated this bill will be completely gutted and amended and changed to Senator Wolk as the author. The anticipated direction is to further amend the definition of a disadvantaged unincorporated community. The League is continuing its efforts to remove or significantly modify the DUC annexation requirements when a city applies for an uninhabited annexation adjacent to a DUC.

SB 1566 (Negrete McLeod D) Vehicle license fees: allocation.

Current Text: Amended: 4/10/2012 [pdf](#) [html](#)

Introduced: 2/24/2012

Summary:

Current law requires that a specified amount of motor vehicle license fees deposited to the credit of the Motor Vehicle License Fee Account in the Transportation Tax Fund be allocated by the Controller, as specified, to the Local Law Enforcement Services Account in the Local Revenue Fund 2011, for allocation to cities, counties, and cities and counties. This bill would instead require, on and after July 1, 2012, that those revenues be distributed first to each city that was incorporated from an unincorporated territory after August 5, 2004, in an amount determined pursuant to a specified formula, second to each city that was incorporated before August 5, 2004, in an amount determined pursuant to a specified formula, and third to the Local Law Enforcement Services Account in the Local Revenue Fund 2011, for allocation to cities, counties, and cities and counties. By authorizing within the Motor Vehicle License Fee Account in the Transportation Tax Fund, a continuously appropriated fund, to be used for a new purpose, the bill would make an appropriation. This bill contains other related provisions and other current laws.

Summary:

Current law, the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000, sets forth the procedures for incorporations and changes of organizations of cities, including procedures for disincorporation. This bill would provide that every city with a population of less than 150 people as of January 1, 2010, would be disincorporated into that city's respective county as of 91 days after the effective date of the bill, unless a county board of supervisors determines, by majority vote within the 90-day period following enactment of these provisions, that continuing such a city within that county's boundaries would serve a public purpose if the board of supervisors determines that the city is in an isolated rural location that makes it impractical for the residents of the community to organize in another form of local governance. The bill would also require the local agency formation commission within the county to oversee the terms and conditions of the disincorporation of the city, as specified. This bill contains other related provisions.

Position: None at this time

Subject: Disincorporation/dissolution

CALAFCO Comments: As written this bill applies only to Vernon, California. It bypasses much of the C-K-H disincorporation process, leaving LAFCo only the responsibility of assigning assets and liabilities following disincorporation.

Summary:

Current law, the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000, sets forth the procedures for incorporations and changes of organizations of cities, including procedures for disincorporation. This bill would authorize the board of supervisors of a county in which a city that will be disincorporated pursuant to statute is located to vote to continue that city if, after receipt of an audit conducted by the State Auditor, the board of supervisors determines that the territory to be disincorporated is not expected to generate revenues sufficient to provide public services and facilities, maintain a reasonable reserve, and pay its obligations during the 5 years following disincorporation. The bill would require a city that is audited pursuant to these provisions to reimburse the State Auditor for the costs incurred to perform the audit, thereby imposing a state-mandated local program. This bill contains other related provisions and other current laws.

Position: Watch

Subject: Disincorporation/dissolution, Special District Principle Acts

CALAFCO Comments: This bill was gutted and amended on 20 June to create a CSD in any unincorporated area that was previously a city and was disincorporated by the legislature. It is specifically targeted at Vernon. It also contains language directing LAFCo on the terms and conditions of the disincorporation.

AB 2208 (Perea D) Drinking water.

Summary:

Current law, the California Safe Drinking Water Act, requires the State Department of Public Health to administer provisions relating to the regulation of drinking water to protect public health. Current law, the Safe Drinking Water State Revolving Fund Law of 1997, establishes the Safe Drinking Water State Revolving Fund, which is continuously appropriated to the department for the provision of grants and revolving fund loans for the design and construction of projects for public water systems that will enable suppliers to meet safe drinking water standards. Current law prohibits the department from approving applications for this funding unless the department determines the proposed study or project meets specified criteria. This bill would authorize the department, with the consent of the applicants, to combine proposed studies and projects from multiple applicants.

Position: Watch

Subject: Water

CALAFCO Comments: While currently this bill does not directly affect LAFCos it is sponsored by the same people at AB 2238 (CRLA) and is in many ways tied to that bill. The current amendments do affect water and wastewater agencies which may be of concern to LAFCos and CALAFCO. It is also likely this bill will be significantly amended but at this time we don't know where it is going.

Summary:

Current law requires a county assessor, upon the request of the governing body of the jurisdiction where the assessor performs the duty of assessing taxes, to furnish an estimate of the assessed valuation of property within the jurisdiction for the succeeding fiscal year. This bill would require the assessor, upon a request by the board of supervisors to furnish an estimate of the assessed valuation of property within the county for the succeeding fiscal year, to estimate whether property valuations have decreased by 3% or more and, if so, require the assessor to issue a written report to the board of supervisors within 30 days. This bill would require the assessor to , within 15 days of notifying the board of supervisors, also notify the Department of Finance and all cities and affected school districts within the county .

Summary:

Current law, the Local Health Care District Law, authorizes a local health care district to generate revenue through an annual assessment on real and personal property within the district . This bill would require a health care district to spend at least 95% of the revenue derived from an annual general tax levy on current community health care benefits, as specified. The bill would expressly exclude from the definition of community health care benefits the salaries paid and benefits provided to staff of the districts and benefits provided to board members, among other items. By increasing the duties of local officials, this bill would impose a state-mandated local program . This bill contains other related provisions and other current laws.

Position: Watch

Subject: Special District Principle Acts

CALAFCO Comments: Limits the amount of general tax levy revenue a healthcare district may spend on administrative costs. Excludes the costs of staff/board salaries and benefits. Specifies what tax levy revenues may be spent on, including powers authorized by LAFCo.

Summary:

Under the California Constitution, whenever the Legislature or a state agency mandates a new program or higher level of service on any local government, the state is required to provide a subvention of funds to reimburse the local government. With regard to certain mandates imposed on a city, county, city and county, or special district that have been determine to be payable, the Legislature is required either to appropriate, in the annual Budget Act, the full payable amount of the mandate, determined as specified, or to suspend the operation of the mandate for the fiscal year. The California Constitution provides that the Legislature is not required to appropriate funds for specified mandates.

Position: None at this time

Subject: LAFCo Administration

CALAFCO Comments: Changes state mandate law in a proposed constitutional amendment. Included is specific language that releases mandate responsibility if the local agency can change an individual or applicant for the cost of providing the mandated service. Would likely exempt some mandates to LAFCo from state funding.

Summary:

Current provisions of the Political Reform Act of 1974 require certain persons employed by agencies to file annually a written statement of the economic interests they possess during specified periods. The act requires that state agencies promulgate a conflict of interest code that must contain, among other topics, provisions that require designated employees to file statements disclosing reportable investments, business positions, interests in real property, and income. The act requires that every report and statement filed pursuant to the act is a public record and is open to public inspection. This bill would, commencing on January 1, 2013, and continuing until January 1, 2019, require every designated employee and other person, except a candidate for public office, who is required to file a statement of economic interests to include, as a part of that filing, a compensation disclosure form that provides compensation information for the preceding calendar year, as specified. This bill contains other related provisions and other current laws.

Summary:

Current law authorizes a health care district to transfer, for the benefit of the communities served by the district, in the absence of adequate consideration, any part of the assets of the district to one or more nonprofit corporations to operate and maintain the assets. Current law deems a transfer of 50% or more of the district's assets to be for the benefit of the communities served only upon the occurrence of specified conditions. This bill would include among the above-described conditions the inclusion within the transfer agreement of the appraised fair market value of any asset transferred to the nonprofit corporation, as specified. This bill contains other related provisions and other current laws.

Summary:

Current law, the Williamson Act, authorizes a city or county to enter into contracts to establish agricultural preserves. Current law also authorizes the legislative body of a city or county to appoint an advisory board to advise the legislative body on agricultural preserve matters. This bill would specify matters on which the advisory board may advise the legislative body of a county or city. Summary:

Current law requires that various types of notices are provided in a newspaper of general circulation. Current law requires a newspaper of general circulation to meet certain criteria, including, among others, that it be published and have a substantial distribution to paid subscribers in the city, district, or judicial district in which it is seeking adjudication. This bill would provide that a newspaper that is available on an Internet Web site may also qualify as a newspaper of general circulation, provided that newspaper meets certain criteria.

Summary:

The Political Reform Act of 1974 requires specified candidates, committees, slate mailer organizations, and lobbyists, lobbying firms, and lobbyist employers to file campaign statements and reports online or electronically with the Secretary of State, as specified. The act requires certain of these entities to also file campaign statements and reports with local filing officers, as specified. This bill, with certain exceptions, would authorize a local government agency to require an elected officer, candidate, committee, or other person required to file specified statements, reports, or other documents to file those

statements, reports, or other documents online or electronically with a local filing officer. The bill would prescribe criteria that must be satisfied by a local government agency that requires online or electronic filing of statements, reports, or other documents, as specified, including, among others, that the system be available free of charge to filers and to the public for viewing filings, and that the system include a procedure for filers to comply with the requirement that they sign statements and reports under penalty of perjury. This bill contains other related provisions and other current laws.

Summary:

Current law creates the California Transportation Commission and imposes various duties on the commission, including, but not limited to, assisting the Legislature in formulating and evaluating state policies and plans for transportation programs in the state. Under current law, there is also a Department of Transportation and its duties include, among others, supporting the commission in coordinating and developing, in cooperation with local and regional entities, comprehensive balanced transportation planning and policy for the movement of people and goods within this state. Current law requires the state transportation improvement program to include a listing of all capital improvement projects that are expected to receive a specified allocation of state transportation funds from the commission. Under current law, the commission is required to biennially adopt and submit a state transportation improvement program to the Governor and the Legislature. This bill would require the commission to undertake a study to assess the appropriateness of establishing an office of inspector general to ensure that the department and transportation agencies with projects funded completely or in part from funds in the state transportation improvement program are operating efficiently, effectively, and in compliance with the state and federal laws governing the performance of transportation agencies. The bill would require the commission to consult with specified federal and state agencies in this regard and would require the commission to prepare a written report regarding the advisability of creating an office of inspector general and to submit it to the Governor and the Legislature by January 31, 2014.

Summary:

Current law creates the Metropolitan Transportation Commission, the Bay Area Toll Authority, the Bay Area Air Quality Management District, and the San Francisco Bay Conservation and Development Commission, with various powers and duties relative to all or a portion of the 9-county San Francisco Bay Area region with respect to transportation, air quality, and environmental planning, as specified. Another regional entity, the Association of Bay Area Governments, is created as a joint powers agency comprised of cities and counties under current law with regional planning responsibilities. Current law provides for a joint policy committee of certain regional agencies to collaborate on regional coordination. Current law requires regional transportation planning agencies, as part of the regional transportation plan in urban areas, to develop a sustainable communities strategy coordinating transportation, land use, and air quality planning, with specified objectives. This bill would create the Bay Area Regional Commission with specified powers and duties, including the powers and duties previously exercised by the joint policy committee. The bill would require the regional entities that are funding the joint policy committee to continue to provide the same amount of funding as provided in the 2012-13 fiscal year, as adjusted for inflation, but to provide those funds to the commission rather than to the committee. The bill would provide for the Bay Area Toll Authority to make contributions to the commission, as specified, in furtherance of the exercise of the authority's toll bridge powers. The bill would require federal and state funds made available to the Metropolitan Transportation Commission for purposes of transportation planning to be budgeted to the Bay Area Regional Commission. The bill would specify the powers and duties of the commission relative to the other regional entities referenced above, including the power to approve the budgets of those regional entities and to develop an integrated budget for the commission and the regional entities. The bill would provide for the commission's executive director to develop a regional reorganization plan, with consolidation of certain administrative functions of the regional entities under the commission, with a final plan to be adopted by the commission by June 30, 2016. The bill would require organization of the regional entities as divisions of the commission, and would require the executive director to recommend candidates for vacant executive director positions at the regional entities as these positions become vacant. The bill would require the commission to adopt public and community outreach policies by October 31, 2015. The bill would require the commission to review and comment on policies and plans relative to the transportation planning sustainable communities strategy of the regional entities under Senate Bill 375 of the 2007-08 Regular Session, and beginning on January 1, 2017, the bill would provide for the commission to adopt or seek modifications to the functional regional plan adopted by each regional entity in that regard and would provide that the commission is responsible for ensuring that the regional sustainable communities strategy for the region is consistent with Senate Bill 375 of the 2007-08 Regular Session. The bill would require the commission to prepare a 20-year regional economic development strategy for the region, to be adopted by December 31, 2015, and updated every 4 years thereafter. The bill would require

any changes proposed by the commission with respect to bridge toll revenues managed by the Bay Area Toll Authority to be consistent with bond covenants, and would prohibit investment in real property of toll revenues in any reserve fund. This bill contains other related provisions and other current laws.

Summary:

Current law permits proceedings for the formation of a regional park and open-space district in specified counties of the state to be initiated by resolution of the county board of supervisors adopted after a noticed hearing, and specifies the contents of the resolution. This bill, in addition, would permit the formation of a regional open-space district in the County of San Luis Obispo to be initiated by resolution of the county board of supervisors after a noticed hearing, if the boundaries of a proposed district are coterminous with the exterior boundaries of the County of San Luis Obispo. The bill would specify the contents of the resolution, including a requirement to call an election, as prescribed.

Summary:

Current law, the Alameda County Flood Control and Water Conservation District Act, establishes the Alameda County Flood Control and Water Conservation District and grants to the district authority relating to, among other things, flood control and stormwater. Under the district law, the Board of Supervisors of Alameda County serves as the Board of Supervisors of the Alameda County Flood Control and Water Conservation District. This bill would create the Zone 7 Water Agency, as prescribed, with specified authorizations, powers, and duties. This bill would permit the Alameda County Local Agency Formation Commission to exclude some or all of the agency's territory from the boundaries of the district and would eliminate from the district act provisions relating to the governance of a zone lying, in whole or in part, in Pleasanton or Murray Townships. This bill would authorize the agency to continue to impose any special taxes based upon assessed value or any other special taxes, assessments, or charges imposed by or on behalf of the former Zone 7, would authorize the agency to impose new special taxes or levy assessments, as prescribed, and would require any taxes or assessments to be levied and collected together with taxes for county purposes, as specified. This bill would also authorize the agency to designate the county treasury as its treasury, as prescribed. This bill contains other related provisions and other current laws.

Summary:

The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of, an environmental impact report (EIR) on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. CEQA requires the lead agencies to make specified findings in an EIR. This bill, until January 1, 2018, would exempt from CEQA a bicycle transportation plan for an urbanized area, as specified and would also require a local agency or person who determines that the bicycle transportation plan is exempt under this provision and approves or determines to carry out that project, to file notice of the determination with the OPR. This bill contains other current laws.

| | | | | | | | | | | | | |

Summary:

Current law prescribes procedures for the formation of regional park districts, regional park and open-space districts, or regional open-space districts. Current law authorizes 3 or more cities, together with any parcel or parcels of city or county territory, whether in the same or different counties, to organize and incorporate, but requires that all the territory in the proposed district be contiguous. This bill would revise the above authorization to instead only allow district formation for 4 or more cities.

| | | | | | | | | | | | | |

Summary:

Current law regulates the execution and acceptance of a grant of an open-space easement, as defined. The execution and acceptance of a grant of an open-space easement constitutes a dedication to the public of the open-space character of the lands for the term specified. Current law provides that the easement and covenant run for a term of not less than 20 years. Current law authorizes an open-space easement to contain a covenant against the extraction of natural resources or other activities that may destroy the unique physical and scenic characteristics of the land, as specified. This bill would make technical, nonsubstantive changes to these provisions. This bill contains other related provisions and other current laws.

Summary:

Current law, the Desert View Water District-Bighorn Mountains Water Agency Consolidation Law, effected a consolidation between the Desert View Water District and the Bighorn Mountains Water Agency and required the successor board of directors to operate under the Bighorn Mountains Water Agency Law. Under current law, for a period of not less than 10 years after January 1, 1990, meetings of the successor board of directors are required to be held, as prescribed. This bill would make a technical, nonsubstantive change in these provisions.
