

**CONTRA COSTA LAFCO WATER/WASTEWATER MSR COMMENTS (PUBLIC REVIEW DRAFT)**

<u>Date Received</u>	<u>Agency</u>	<u>Contract Person</u>	<u>Summary of Comment</u>	<u>Response</u>
3/5/2014	Town of Discovery Bay CSD	Rick Howard	Use the acronym "TODBCSD" instead of "DSCSD"; Discovery Bay CSD was legally changed in 1999 to Town of Discover Bay (TODB); TODBCSD and TODB can be used interchangeably. Change flow from 2.1 to 2.35 MGD.	Will make changes as noted in Final MSR. CC LAFCO: "District" needs to be in the acronym.
3/5/2014	City of Martinez	Tim Tucker	Typo on Page 68 - area code is 925 (not 825)	Will make change as noted in Final MSR.
3/11/2014	City of Concord	Robert Ovadia	Sewer System Management Plan, not Master Plan, will be updated in April 2014	Will make changes as noted in Final MSR.
3/14/2014	Contra Costa LAFCO	Lou Ann Texiera	Diablo Water District - SOI needs to be expanded for the Liberty Union High School site; reference Tri-Valley Utilities Coordination and Integration Study (six agencies including DSRSD) in the MSR. BBID/TODBCSD Overlap needs to be added for brief discussion with maps.	Will make changes as noted in Final MSR.
3/24/2014	Town of Discovery Bay CSD	Rick Howard	Comments replicate and expand slightly on comments received from TODBCSD on 3/5/2014. Clarification to NPDES permit renewal and RWQCB fines and orders added.	Will make changes as noted in Final MSR.
3/25/2014	Delta Diablo	Patricia Chapman	Agency name now officially Delta Diablo; boundary and SOI maps need to be updated to reflect Northeast Antioch areas; SOI areas designated as permanent open space and outside the ULL should be removed from the District's SOI; clarify DUC discussion; correct reference to Willow Pass Drive to Willow Pass Road; correct color-coded map to correctly identify Delta Diablo Treatment - City Collections.	Will make changes as noted in Final MSR.
3/25/2014	Diablo Water District	Mike Yereka	Include Liberty Union High School site in SOI; various technical corrections/clarifications throughout chapter.	SOI change consistent with CC LAFCO Staff recommendation; will make other changes as noted in the Final MSR.
3/26/2014	Mt. View Sanitary District	Randy Leptien	Technical corrections only to agency profile and infrastructure description.	Will make changes as noted in Final MSR.
3/26/2014	Knightsen CSD	Linda Weekes	Updates actions taken as an agency including coordination and collaboration with other agencies/organizations.	Comments noted.

**CONTRA COSTA LAFCO WATER/WASTEWATER MSR COMMENTS (PUBLIC REVIEW DRAFT)**

<u>Date Received</u>	<u>Agency</u>	<u>Contract Person</u>	<u>Summary of Comment</u>	<u>Response</u>
3/26/2014	Contra Costa County Public Works Department	Julia Bueren	Background on Knightsen CSD; cites interest of the County, State Fish & Game, Delta Conservancy, East Contra Costa County Habitat Conservancy and others to apply for grants to move forward with completion of a bio-filter project; criticizes option of transferring CSD to County; supports Knightsen CSD status quo.	Comments noted. MSR recommendation (zero SOI with 6-month reports to the Commission on progress) to remain; Knightsen CSD has no staff and limited progress since creation.
3/26/2014	Contra Costa Resource Conservation District	Benjamin Wallace	Correct references in text from "Contra Costa Conservation District" to "Contra Costa Resource Conservation District"; does not support dissolution of Knightsen CSD; believes if Knightsen CSD is dissolved, local leadership and experience will be lost. CCRCD indicates it could provide technical support to CSD's that share mutual goals.	Comments noted. Corrections to District name will be made in the Final; MSR. MSR recommendation (zero SOI with 6-month reports to the Commission on progress) to remain; Knightsen CSD has no staff and limited progress since creation.
3/26/2014	City of Antioch	Ron Bernal	Update boundary map to reflect the annexation of Areas 1 and 2b in Antioch; remove recommendation to annex islands (former landfill and fairgrounds; clarify that the East Bay Regional Park District purchase of Roddy Ranch is not complete - EBRPD is under option to purchase the property.	Concur with map correction and reference to EBRPD "option" to purchase Roddy property, those changes will be made in the Final MSR; both islands are "small islands" and could be annexed without protest, MSR recommendation on islands will remain.
3/26/2014	Ironhouse Sanitary District	Jenny Skrel	Minor corrections identified and District notes that there are 3 DUCs within the service area that should be included in the MSR.	Minor corrections will be made in the Final MSR; DUCs that are already in the District service boundary are not listed as they are already being serviced; only DUCs in or adjacent to an SOI outside the service area are included.
